

To whom it may concern:

Sciematics is a biannual provincial conference for elementary, middle years and secondary science, computer science, and math educators. The purpose of the conference is to provide meaningful professional development that highlights current best practices and allows opportunities for cross-curricular and provincial networking. Sciematics 2021 will be hosted virtually and our theme is "Viral Learning in a Virtual Setting". The conference will run in two one-hour sessions for the evenings of April 27th through 30th. Through this conference, our hope is to engage teachers in relevant learning in a collaborative environment.

We hope that you or your organization would consider supporting our conference by:

- acting as a sponsor (gold, silver, and bronze opportunities)
- contributing as an exhibitor
- participating as a presenter

If you would like to sign on as a sponsor, presenter, or exhibitor please go to the following website.

<https://sciematics.ourconference.ca/index.php>

In closing, thank you for considering this opportunity. If you wish to discuss this opportunity further, please contact Lindsay Shaw at lshaw@letstalkscience.ca or at 306-567-7886, or Mark Edmonds at Mark.Edmonds@pvsd.ca, or at 306-531-3892

Sincerely,

Lindsay Shaw and Mark Edmonds
